**TRANSWIDE Announces Upcoming Webinar on
Online Transport Order Communication**

Brussels (June 25, 2008) - Transwide, a division of Wolters Kluwer, a leading global information services and publishing company with annual revenues (2006) of €3.7 billion, will introduce its second webinar on 'Online Transport Order Communication' part of its free Webinar Series 'Transport Execution Software Decoded' over the Summer / Fall 2008.

This Webinar will concentrate on 'Online Transport Order Communication' introducing the concept of working collaboratively online with supply chain actors. It will be approached from theoretical and case studies point of view. With special emphasis on the goals, challenges, gains and successes companies can achieve when harnessing the potential of internet to collaborate with their logistics partners.

The following webinar is scheduled for:

- *"Transport Execution Software: Transport order communication, visibility and automation"* on August 21, 2008

Interested? Register to receive more information at <http://www.transwide.info/webinar>

About Transwide

Transwide is a global leader of transport execution network and solution providers; it offers a suite of technology solutions to enable the electronic communication and visibility of transport orders, pick-up and delivery time slots booking, real time tracing of shipments, transport documents dematerialization and performance monitoring. Transwide has more than 5,000 companies working on its network and serves carriers and shippers equally. It does not have shippers or carriers in its shareholder base.
